SUBHRENDU CHATTOPADHYAY

A Contact Information

- **Present Address:**
  L-202, IDRBT/RBI Staff Quarters
  5, Lane Number 1, Begumpet, Hyderabad
  Telangana, India 500016
- **Permanent Address:**
  c/o Subhas Ch. Chattopadhyay,
  55-Charichara Bazar Lane, Nabadwip,
  Nadia, Westbengal, India 741302
- **Website:** `https://subhrendu1987.github.io/`
- **Email:** `subhrendu.subho@gmail.com`
- **Mobile:** +91-9435 658 234, +91-8473 894 164
- **Skype:** live:subhrendu.subho_1
- **GitHub:** `https://github.com/subhrendu1987`

B Research Objective

My research interests include Software Defined Networking (SDN), Network Function Virtualization (NFV), Fog Computing, Next Generation Networks and Performance Modeling of Network and Communication System. During my PhD, I have worked on the scalability issues that arise during deployment of SDN to provide network management to the large scale networks consisting of Internet of things (IoT) devices. I have developed multiple "orchestration" frameworks that automate the deployment challenges and provide fault and partition tolerance to the system. I am particularly interested in developing a management-free and future-proof network architecture.

Currently, at IDRBT I am part of 5G Use-Case Lab for BFSi where we are trying to identify and develop India-specific use cases of 5G in Banking and Financial Services industries (BFSi). Additionally, I am also trying to set-up Network Innovation Lab (NIL) which will be dedicated to design, development, and management of different types of network architectures in order to achieve an evolutionary network design and a prototype infrastructure to test the behaviour of newly developed financial applications. In both labs we are investigating the research problems and challenges related to network and operating systems.

My approach is to identify a systems problem, reduce it to its core by stripping away unnecessary details, and look for clean conceptual solutions. Such an approach often clarifies the issue and shows possible connections to other areas where we can borrow ideas and develop innovative solutions.

C Academic Qualification

- **Post Graduation:** Doctor of Philosophy in Computer Science and Engineering from Indian Institute of Technology, Guwahati (July,2014 - April,2021)
- **Post Graduation:** Master of Technology in Computer Science and Engineering with **CGPA: 8.81/10** from Indian Institute of Technology, Guwahati (June,2012 - July,2014)
- **Graduation:**Bachelor of Technology in Computer Science and Engineering with **CGPA: 8.04/10** from B.P Poddar Institute of Management and Technology, WestBengal University of Technology (July,2006 - June,2010)
- **Higher Secondary (10+2):** with **77.5%** from Beldanga C.R.G.S High School, under West Bengal Council of Higher Secondary Examination (May,2006)
- **Secondary (10):** Madhyamik with **81.5%** from Sargachhi Ramakarishna Mission High School, under West Bengal Board of Secondary Education (April,2003)

D Professional Experience

- **Assistant Professor:** Institute for Development and Research in Banking Technology (IDRBT), Hyderabad(April,2022 - Till date)
- **Assistant Professor:** Department of CSE in SRM-University, AP(June 2021 - April 2022)

- **Temporary Project Staff:** Department of Computer Science and Engineering in Indian Institute of Technology, Kharagpur (October,2020 - March,2021)
  Project Name: Development of Algorithms and Tools for Log Analytics and Vulnerability Assessment
  Principal Investigator: Dr. Sandip Chakraborty
- **Automation Test Engineer:** Programmer Analyst Trainee in Cognizant Technology Solution India Pvt. Ltd. (July,2010 - July,2011)

E Thesis

Subhrendu Chattopadhyay,*SDN for Large Scale IoT Networks*, PhD thesis, Supervised by Prof. Sukumar Nandi, Indian Institute of Technology Guwahati, `http://gyan.iitg.ernet.in/handle/123456789/1854`, 2021.

F Awards

1. **Fellowship:** Recipient of TCS Research scholarship (Cycle 10) and Fellowship from MHRD
2. **Travel Grants:**
   (a) Received conference travel grant from IEEE COMSNETS and LRN foundation.
   (b) Recipient of travel grant from Mirosoft India, Research and Development
3. **Best paper awards:**
   (a) IEEE INFOCOM 2019 [1] (in a session)
   (b) IEEE COMSNETS 2016 [2]
   (c) IEEE ANTS 2013 [3]

G Subjects Taught

1. **Operating Sytems (PG: Th+Lab)** in IDRBT, UoH Campus
2. **Internet Technology (PGDBT: Th+Lab)** in IDRBT
3. **Computer Networking (UG: Th+Lab)** in SRM-University, AP
4. **Objected Oriented Programming with C++ (UG: Th+Lab)** in SRM-University, AP
5. **Operating Sytems (UG: Th+Lab)** in SRM-University, AP

H Voluntary Services

1. Conference Reviewer: IEEE ANTS (2014 - 2018), IEEE ICC 2017, IEEE NCC 2017, IEEE ISED 2017, IEEE COMSNETS (2018-2019)
2. Journal Reviewer: Springer Journal of Network and Systems Management
3. Member of Technical Program Committee: IEEE COMSNETS (2020-2023), CSI 2022, NCC 2021, 2022, ICDCN 2023

I Collaborations

I had the opportunity to collaborate with the following distinguished researchers.

1. Dr. Sandip Chakraborty, Associate Professor, IIT Kharagpur [On-going]
2. Prof. Soumya K Ghosh, Professor, IIT Kharagpur
3. Prof. Sushanta Karmakar, Professor, IIT Guwahati
4. Dr. Samar Shailendra, Standards Architect, Intel
5. Dr. Abhinandan S. Prasad, Associate Professor, NIE Mysore
6. Dr. Niladri Sett, Assistant Professor, SRM University AP
7. Dr. Soumyajit Chatterjee, Research Scientist, Nokia Bell Labs Cambridge

J Reference Persons

1. Prof. Sukumar Nandi, Senior Professor
   Department of CSE, IIT Guwahati, Assam, India-781039, sukumar@iitg.ac.in, (+91 361 258 2357)

2. Dr. Sandip Chakraborty, Associate Professor
   Department of CSE, IIT Kharagpur, West Bengal, India-721302, sandipc@cse.iitkgp.ac.in, (+91 322 228 2898)

3. Prof. Soumya Kanti Ghosh, Professor
   Department of CSE, IIT Kharagpur, West Bengal, India-721302, skg@cse.iitkgp.ac.in, (+91 322 228 2332)
